Professional Summary

Computer Science Engineer with hands-on experience in full-stack and backend development, including Java and Spring-based applications, DevOps automation, and computer vision systems. Strong foundation in Java, data structures, algorithms, and problem solving, with experience building scalable web applications, backend services, and AI-driven software solutions.

Education

B.Tech, Computer Science and Engineering

2022 – 2026

Bhilai Institute of Technology, Durg, Chhattisgarh

CGPA: 9.07/10

Senior Secondary, CBSE

2021

Jawahar Navodaya Vidyalaya, Raigarh, Chhattisgarh

Percentage: 90.8%

Secondary, CBSE

2019

Jawahar Navodaya Vidyalaya, Raigarh, Chhattisgarh

Percentage: 95.2%

Professional Experience

Web Developer Intern, CSVTU, Bhilai · [GitHub:thesumeetsingh/csvtu-nss-deployment](#)

May 2025 – June 2025

- Engineered NSS website using MERN stack, Vite, and Tailwind CSS, improving overall page responsiveness by 40%.
- Built admin dashboard managing 5+ operational modules for notices, reports, metrics, and media gallery content.
- Architected JWT-based authentication with role-based routing, securing 3+ distinct admin and user access levels.

Web Developer Intern, Jindal Steel and Power, Angul

May 2024 – June 2024

- Developed Excel data management portal using PHP, MySQL, and JavaScript for cross-departmental business operations.
- Implemented role-based authorization supporting secure employee and admin access segregation across modules.
- Enforced backend validation and secure storage pipeline for importing over 1000+ Excel records.

Academic Projects

ResolveAI – AI-Powered Software Incident Investigation Platform · [GitHub:thesumeetsingh/resolveai](#)

2026

- Built Spring Boot REST API with Spring MVC and 34+ endpoints for auth, projects, incidents, admin, and AI workflows.
- Implemented JWT authentication with Spring Security and role-based authorization across 8 backend feature areas.
- Integrated MySQL with JPA/Hibernate and MongoDB for structured user and application data for AI context.
- Integrated Spring AI, Apache Tika, Ollama, and Qwen 2.5:7b to extract evidence and assemble 10-part incident context.

Autonomous Vehicle Simulation · [GitHub:thesumeetsingh/autonomous-car-simulation-in-GTA-V](#)

2025

- Built autonomous driving simulation using Python, OpenCV, YOLOv8, with GTA V as the virtual driving environment.
- Detected lanes, vehicles, persons, and traffic lights from 480x640 video frames using YOLOv8 for real-time processing.
- Processed video frames with YOLOv8 at approximately 11–40 ms inference time across multiple GTA V driving scenarios.
- Used Arduino and PyFirmata to send control signals to servos for W, A, S, D actuation and vehicle control.

Face Lock Alert System · [GitHub:thesumeetsingh/face-lock-alert](#)

2024

- Developed Flask-based biometric login backend with MySQL for secure user authentication, face data, and activity logs.
- Implemented OpenCV LBPH recognition using 15 facial samples per user for two-factor login verification.
- Recorded authentication attempts with timestamps, geolocation, confidence scores, and captured threat images in MySQL.
- Integrated SMTP email and Twilio SMS alerts for failed face verification with captured images, timestamps, and location.

Skills

Programming: Java, Python, JavaScript, PHP, HTML, CSS

Java Technologies: JDBC, Servlets, Maven, JUnit, Spring Boot, Spring MVC, Spring Security, Spring AI, Spring Data JPA

Frameworks & Libraries: MERN Stack, Django, MySQL, MongoDB, Arduino, YOLOv8, Tailwind CSS, OpenCV

DevOps and Cloud: Docker, CI/CD, Linux, NGINX, Google Cloud, Git GitHub

Tools: VS Code, Eclipse, IntelliJ IDEA, Arduino IDE, Postman

Other: Data Structure & Algorithms, OOP, IoT, Machine Learning, Computer Vision

Certifications

- Google Cloud Data Analytics (**Google Cloud Platform**)
- Full Stack Web Development (**Apna College**)
- DSA with JAVA (**Apna College**)
- Networking Basics (**Cisco Networking Academy**)
- Intro to Cybersecurity (**Cisco Networking Academy**)
- AICTE IDEA Lab: Arduino, IoT, 3D Printing
